FREE MID-TRIP INSPECTION

OFFER VALID AUG. 1-SEPT. 17, 2016

A quick, non-measured inspection of key items the DOT looks for that you may not notice:

- ✓ TIRE TREAD DEPTH
- ✓ BRAKE SHOE THICKNESS/CONDITION
- ✓ MUD FLAPS
- ✓ AIR LEAKS
- ✓ WHEEL SEALS
- ✓ FLUID LEAKS
- ✓ EXHAUST
- ✓ MIRRORS
- ✓ FIRE EXTINGUISHER
- ✓ TRIANGLES
- ✓ LIGHTS
- ✓ CONSPICUITY TAPE

Self-adjusting brake adjusters do not eliminate or reduce the need for periodic inspection and maintenance of the adjuster components and attaching hardware. Self-adjusting brake adjusters should never be operated as a manual adjuster, if the self-adjusting function is not operating properly. For your safety, TA and Petro brand locations do not adjust automatic slack adjusters.

Location Instructions: Use standard service code **DOMT**. Use payment type **CPN** as the first payment type. For payment number use **DOMT 2016**. Enter dollar value of this coupon (19.99 labor). Customer's new total will appear in second payment type. This is an "at-site" discount.

Brakes: #1 reason for out-of-service violations!

ANNUAL BRAKE WEEK

SEPT. 11-17
